This ten week program is designed to empower women and children who have been affected by domestic abuse. The program is available to all children ages 3-18 and the mother's group is being offered in both Spanish and English. Participants will learn how they can overcome the effects of domestic abuse and live free of abuse. The program is held at a confidential location and is easily accessible via the city bus. Interested parties should call the above number. Class size is limited and registration is required.
